

NSM WI Southeast Unit's Formal Report for November 10th Forum

Racial greetings Comrades and Volk! As you all know, the NSM held a town hall style forum in a suburb of Milwaukee, WI this past weekend. A few Comrades arrived Friday evening and so it began.

Saturday morning, cars from Missouri, Illinois, Minnesota and all across Wisconsin came to the meet up location. After a quick head count of 35-40 NSM members, supporters and other trusted Volk was taken, we caravanned to our venue. Everyone pitched in with the setup of the room and we started a little after 1:00pm.

Our first speaker was MSGT Kris Johnson of Wisconsin who discussed what National Socialism means to us and our political aspirations for the future. Up next was Gerald from the New Order out of Madison followed by none other than our Commander Jeff Schoep. An inspiring speech was then given by ST Bill Herring from Fargo, North Dakota. MSGT Steve Boswell from NSM Missouri then spoke to all about the most important thing to all of us: our race. Host unit member Brandon Piccone discussed the rise of illegal immigration and the effect it has on our country. ST 1st Class Sunny Fletcher was next with a few words and last, but certainly not the least was advice and praise from Herr Theo Junker. For the few whom do not recognize him, he built a memorial to Adolph Hitler in Wisconsin. It was an honor and a privilege to have Herr Junker round off our speaker list for the day.

After cleanup and group photos were taken, all caravanned back to the meet up location to pitch in for pizza, beer and firewood. A brief adjournment allowed overnight guests to check into the hotel and ride to the park for our after party where an observance was given for the fallen Aryan warriors and Happy Birthday for Commander Schoep. A call from the ARA topped off our night with a few laughs before hitting the hay.

We are pleased to announce that four applications were turned in over the weekend and that proves the success of these types of events. All had good times and the weekend flew by without incident.

A few special thank you's are in order, because without them, this event would not have pulled this off: to Brandon Piccone of NSM WI Southeast Unit for handling transportation duty, flyer distribution and food pickup, to MSGT Steve Boswell of NSM MO for orchestrating many nearby Comrades ride to Wisconsin and everyone else for coming out and making this event a memorable one.

Hail Victory! Hail the NSM! Sieg Heil!

Harriet- NSM WI Southeast Unit/ State Events Coordinator
