*FOR IMMEDIATE RELEASE*

**CONTACT: [director@nsmmedia.net](mailto:director@nsmmedia.net)**

NSM Media is pleased to launch its *NEW WEBSITE*, **NSMMedia.net**, as well as its *NEW RADIO NETWORK*, **NSM Media Radio**.

According to Kevin ('KJ') James, director of NSM Media, "Our old website and internet radio network literally forced us into taking them further in new directions. The NSMMedia.Net website is becoming a 'super-agrigrator' of pro-white media, and not just offerings from NSM Media. The site also has links to the most important mainstream media, plus important videos, photos, and news stories of the day as well.

The NSMMedia.net site also has links to NSM World internet group, NSM88Forum, the NSM Media Twitter feed, the NSM Media VK page, NSM88Records LIVE, NSM Magazine, NSM Media TV, and the revamped NSM Media Radio. It also has email address links for each NSM Media personality as well as NSM command-staff.

The NSM Media Radio web page (<http://www.nsmmedia.net/nsmmediaradio.html>), has links to current and past internet radio shows (gathered on a variety of initial broadcast platforms), and appearances by NSM Media staff as well as NSM command-staff, whether they appear on NSM Media Radio, or its broadcast-partners, like the *Sonny Thomas Show*, *AryanTalk*, *European-American News*, or others. By clicking on logos and links, prospective listeners can connect with the live versions of NSM Media's Radio shows, and hear archived versions as well.
