NSM CMDR BLASTS NAACP CRITICISM AND ANTI-WHITE PETITION AGAINST RALLY

Jeff Schoep, Commander of the National Socialist Movement (NSM88.ORG) condemns the anti-white criticism of its rally in Rome, Georgia on April 23rd as well as an equally anti-white petition against the event.

According to Commander Schoep, as stated by its title, the “Romans Against ‘White Rights’ Rally” petition by area music promoter, Brian Hill, seems philosophically prejudiced against white people. And the Rome-area NAACP criticism of the NSM Rally also seems hypocritical to the organization's continually stated aims against prejudice.

Schoep says that both the criticism and the petition are a shocking affront to Americans' First Amendment rights to Free Speech and Assembly. Although the petition sponsor claims to have over 700 signatures against white rights thus-far, its existence illustrates many of the problems the NSM is rallying against.

“We intend to answer this blatant anti-white petition,” says Schoep, who adds that “This will backfire against our opposition, and we intend to lambaste this anti-white hatred and hypocrisy right back. Additionally, why should the Rome-area chapter of the NAACP be afraid of deepening the dialogue on race?”

“White people have every right to fair representation in this nation, along with freedom of speech, and the right to assemble,” explains Schoep. “The National Socialist Movement and our allies are the front-lines in the fight for white rights, and we will not back down, nor will we be intimidated by those who wish to silence us, not now or ever!”

The petition as well as the NAACP (and its Rome, Georgia area chapter) and its allies indicate they want diversity, and rights for everybody, but they really want these rights for everyone except white people. That's some serious 'racism' on their side,” observed Commander Schoep, concluding that it is “Hypocrisy at it finest!”
