

# To the Citizens of America

Has your property value gone down even more so by the violence that is everywhere lingering around you? Do you have bars on your windows, a fence around your house? Are you still afraid? Are you one of those people who won't go outside after a certain time at night? Do you drive down the street with your windows up and your doors locked, afraid to look about?

Are you tired of the site of the filth that is flooding this city? Sick with the thought of getting picked on or beat up in your own neighborhood? Don't let them run you off in your own community!

**Fight back! Join the National Socialist Movement!**

If you won't do it for yourself than do it for the sake of your children.

It's time to take back this city by sending a message to those with such criminal behavior that it will not be allowed or tolerated in our Community.
