

25 Points Of American National Socialism

1. We demand the union of all Whites into a greater America on the basis of the right of national self-determination.
2. We demand equality of rights for the American people in its dealings with other nations, and the revocation of the United Nations, the North Atlantic Treaty Organization, the World Bank, the North American Free Trade Agreement, the World Trade Organization, and the International Monetary Fund.
3. We demand land and territory (colonies) to feed our people and to settle surplus population.
4. Only members of the nation may be citizens of the state. Only those of pure White blood, whatever their creed, may be members of the nation. Non-citizens may live in America only as guests and must be subject to laws for aliens. Accordingly, no Jew or homosexual may be a member of the nation.
5. The right to vote on the State government and legislation shall be enjoyed by citizens of the state alone.
6. We demand that the State shall make it its primary duty to provide a livelihood for its citizens. If it should prove impossible to feed the entire population, foreign nationals (non-citizens) will be deported.
7. All non-White immigration must be prevented. We demand that all non-Whites currently residing in America illegally be required to leave the nation forthwith and return to their land of origin.
8. All citizens shall have equal rights and duties, regardless of class or station.
9. It must be the first duty of every citizen to perform physical or mental work. The activities of the individual must not clash within the framework of the community and be for the common good.

WE THEREFORE DEMAND:

10. The abolition of incomes unearned by work. The breaking of interest slavery.
11. In view of the enormous personal sacrifices of life and property demanded of a nation by any war, personal enrichment from war must be regarded as a crime against the nation. We therefore demand the ruthless confiscation of all war profits.
12. We demand the nationalization of all businesses which have been formed into corporations (trusts).
13. We demand economic reform suitable to our national requirements.
14. We demand the treasonable system of health care be completely revolutionized.
15. We demand the creation and maintenance of a healthy middle class, the immediate communalizing of big department stores and their lease at a cheap rate to small traders, and that the utmost consideration shall be shown to all small trades in the placing of state and municipal orders.
16. We demand a land reform suitable to our national requirements, that shall be twofold in nature:
 - The primary land reform will be to ensure all members of the nation receive affordable housing. The party as such stands explicitly for private property.
 - The secondary land reform will be to ensure the environmental integrity of the nation is preserved.
17. We demand the ruthless prosecution of those whose activities are injurious to the common interest. Murderers, rapists, pedophiles, drug dealers, usurers, profiteers, race traitors, etc. must be severely punished, whatever their creed or race by all legal means available.
18. We demand that Roman edict law, which serves a materialistic new world order, be replaced by Anglo-Saxon common law.
19. The state must consider a thorough reconstruction of our national system of education with the aim of opening up to every able and hardworking American the possibility of higher education and of thus obtaining advancement.
20. The state must ensure that the nation's health standards are raised by protecting mothers, infants, and the unborn.
21. We demand the right to bear arms for law-abiding citizens.
22. We demand the abolition of the mercenary army, the end to the over-use of our military as a 'Meals-on-Wheels' program in foreign lands of no vital interest to our nation; and the formation of a true national service for the defense of our race and nation. One that excludes: non-Americans, criminals, and sensitivity training.
23. We demand legal warfare on deliberate political mendacity and its dissemination in the press. To facilitate the creation of a national press we demand: The publishing of papers which are not conducive to the national welfare must be forbidden. We demand the legal prosecution of all those tendencies in art and literature which corrupt our national life, and the suppression of cultural events which violate this demand.
24. We demand absolute religious freedom for all denominations in the State, provided they do not threaten its existence nor offend the moral feelings of the White race. The Party combats the Jewish-materialistic spirit within and without us, and is convinced that our nation can achieve permanent health only from within on the basis of the principle: **The common good before self-interest.**
25. To put the whole program into effect, we demand the creation of a strong central national government for the nation; the unconditional authority of the political central parliament over the entire nation and its organizations; and the formation of committees for the purpose of carrying out the general legislation passed by the nation and the various American States.
