NSM TO RALLY AGAINST ILLEGAL IMMIGRATION AND ANTI-WHITE CRIME IN CHARLOTTE, NC

Jeff Schoep (pronounced “SCOOP”), Commander of the National Socialist Movement (NSM -- NSM88.ORG) announced today that his organization will hit the streets of Charlotte, North Carolina in protest against illegal immigration and crime.

On **Saturday, November 10th, 2012, at 3pm (ET)** the National Socialist Movement will host its annual November Rally in Charlotte, NC. This event is open to all known white patriots. The focus will be against illegal immigration, the concern for failing U.S. (and global) economies, as well other critical issues. There will be numerous speakers and groups in attendance. NSM representatives or other organizations who are interested in speaking at this event contact command staff immediately. Following the rally, there will be a meet-and-greet for media, and a private social gathering and after-party for participants.

SS Sgt. F. Cook, NSM *Regional Director* for the area, explains that “North Carolina was chosen for the rally, because illegal immigration has increased dramatically in a part of America where no one would have expected it.”

Commander Schoep adds, “You might expect the National Socialist Movement to rally against anti-White issues in the Southeast, but illegal immigration is pulling *all* classes of people into a downwards economic spiral. However, rest assured that we’re *not* going to ignore the issue of crimes against White people, either,” he adds.

The National Socialist Movement is the largest pro-White civil rights organization in America. It has chapters across America, and affiliates around the world.
