National Socialist Movement Condemns Turkish Downing of Russian Military Aircraft

As recently announced in the news, a Turkish F-16 aircraft shot down a Russian Su-24 bomber. Turkey claims the Russian warplane was in Turkish airspace, while Russians say the opposite. However, the plane crashed on Syrian territory after both crewmen ejected safely amid conflicting reports regarding their safety.

Turkish President Tayyip Erdogan supports ISIS and other radical Muslim anti-Assad forces in hopes of toppling the legitimate government of President Assad. As a member of NATO, Turkey is an ally of the U.S. and other Western powers. The USA and Israel (Occupied Palestine) have been backing anti-Assad forces, such as ISIS, that are suspected to be a created entity of the U.S. and its allies. In a few short weeks since this conflict has escalated, Russian President Vladimir Putin accomplished what American President Barack Obama has refused to do – target ISIS for military containment.

The National Socialist Movement condemns the downing of the Russian plane by the Turkish military, as well as any possibility of military-political games and sickening conflict being played between the United States and NATO against Putin's Russia and Syrian President Bashar Assad.

President Assad has proven a tougher force to reckon with, and he is also backed by freedom fighters from Hezbollah who have fought the Zionists for years. Hezbollah knows how to fight, and will not give in to Zionist-backed ISIS terrorists. Russia is backing Assad and Hezbollah. If Syria falls, Iran will be next on the USA/Israel strategic hit list. The poison of ISIS and the continued insanity of Middle Eastern fighting has also infected large parts of Iraq, and is spreading into Libya and other Arabic nations. *Let loose the Lions of Lebanon and Syria on the evil forces of ISIS until they are crushed once and for all.* These bloody conflicts are specifically backed by Israel and elements within the U.S. government. Now more than ever, we need a true 'America First Policy,' and stop meddling in the affairs of other sovereign nations.
