EXECUTIVE ORDER: PROTECTING THE NATION FROM FOREIGN TERRORIST ENTRY INTO THE UNITED STATES

EXECUTIVE ORDER

Protecting the Nation from Foreign Terrorist Entry into the United States

By the authority vested in me as President by the Constitution and laws of the United States of America, including the Immigration and Nationality Act (INA), 8 U.S.C. 1101 et seq., and section 301 of title 3, United States Code, and to protect the American people from terrorist attacks by foreign nationals admitted to the United States, it is hereby ordered as follows:

Section 1. Purpose. The visa-issuance process plays a crucial role in detecting individuals with terrorist ties and stopping them from entering the United States. Perhaps in no instance was that more apparent than the terrorist attacks of September 11, 2001, when State Department policy prevented consular officers from properly scrutinizing the visa applications of several of the 19 foreign nationals who went on to murder nearly 3,000 Americans. And while the visa-issuance process was reviewed and amended after the September 11 attacks to better detect would-be terrorists from receiving visas, these measures did not stop attacks by foreign nationals who were admitted to the United States.

Numerous foreign-born individuals have been convicted or implicated in terrorism-related crimes since September 11, 2001, including foreign nationals who entered the United States after receiving visitor, student, or employment visas, or who entered through the United States refugee resettlement program. Deteriorating conditions in certain countries due to war, strife, disaster, and civil unrest increase the likelihood that terrorists will use any means possible to enter the United States. The United States must be vigilant during the visa-issuance process to ensure that those approved for admission do not intend to harm Americans and that they have no ties to terrorism.

In order to protect Americans, the United States must ensure that those admitted to this country do not bear hostile attitudes toward it and its founding principles. The United States cannot, and should not, admit those who do not support the Constitution, or those who would place violent ideologies over American law. In addition, the United States should not admit those who engage in acts of bigotry or hatred (including "honor" killings, other forms of violence against women, or the persecution of those who practice religions different from their
own) or those who would oppress Americans of any race, gender, or sexual orientation.

Sec. 2. Policy. It is the policy of the United States to protect its citizens from foreign nationals who intend to commit terrorist attacks in the United States; and to prevent the admission of foreign nationals who intend to exploit United States immigration laws for malevolent purposes.

Sec. 3. Suspension of Issuance of Visas and Other Immigration Benefits to Nationals of Countries of Particular Concern. (a) The Secretary of Homeland Security, in consultation with the Secretary of State and the Director of National Intelligence, shall immediately conduct a review to determine the information needed from any country to adjudicate any visa, admission, or other benefit under the INA (adjudications) in order to determine that the individual seeking the benefit is who the individual claims to be and is not a security or public-safety threat.

(b) The Secretary of Homeland Security, in consultation with the Secretary of State and the Director of National Intelligence, shall submit to the President a report on the results of the review described in subsection (a) of this section, including the Secretary of Homeland Security's determination of the information needed for adjudications and a list of countries that do not provide adequate information, within 30 days of the date of this order. The Secretary of Homeland Security shall provide a copy of the report to the Secretary of State and the Director of National Intelligence.

(c) To temporarily reduce investigative burdens on relevant agencies during the review period described in subsection (a) of this section, to ensure the proper review and maximum utilization of available resources for the screening of foreign nationals, and to ensure that adequate standards are established to prevent infiltration by foreign terrorists or criminals, pursuant to section 212(f) of the INA, 8 U.S.C. 1182(f), I hereby proclaim that the immigrant and nonimmigrant entry into the United States of aliens from countries referred to in section 217(a)(12) of the INA, 8 U.S.C. 1187(a)(12), would be detrimental to the interests of the United States, and I hereby suspend entry into the United States, as immigrants and non-immigrants, of such persons for 90 days from the date of this order (excluding those foreign nationals traveling on diplomatic visas, North Atlantic Treaty Organization visas, C-2 visas for travel to the United Nations, and G-1, G-2, G-3, and G-4 visas).

(d) Immediately upon receipt of the report described in subsection (b) of this section regarding the information needed for adjudications, the Secretary of State shall request all foreign governments that do not supply such information to start providing such information regarding their nationals within 60 days of notification.

(e) After the 60-day period described in subsection (d) of this section expires, the Secretary of Homeland Security, in consultation with the Secretary of State, shall submit to the President a list of countries recommended for inclusion on a Presidential proclamation that would prohibit the entry of foreign nationals (excluding those foreign nationals traveling on diplomatic visas, North Atlantic Treaty Organization visas, C-2 visas for travel to the United Nations, and G-1, G-2, G-3, and G-4 visas) from countries that do not provide the information requested pursuant to subsection (d) of this section until compliance occurs.
(f) At any point after submitting the list described in subsection (e) of this section, the Secretary of State or the Secretary of Homeland Security may submit to the President the names of any additional countries recommended for similar treatment.

(g) Notwithstanding a suspension pursuant to subsection (c) of this section or pursuant to a Presidential proclamation described in subsection (e) of this section, the Secretaries of State and Homeland Security may, on a case-by-case basis, and when in the national interest, issue visas or other immigration benefits to nationals of countries for which visas and benefits are otherwise blocked.

(h) The Secretaries of State and Homeland Security shall submit to the President a joint report on the progress in implementing this order within 30 days of the date of this order, a second report within 60 days of the date of this order, a third report within 90 days of the date of this order, and a fourth report within 120 days of the date of this order.

Sec. 4. Implementing Uniform Screening Standards for All Immigration Programs. (a) The Secretary of State, the Secretary of Homeland Security, the Director of National Intelligence, and the Director of the Federal Bureau of Investigation shall implement a program, as part of the adjudication process for immigration benefits, to identify individuals seeking to enter the United States on a fraudulent basis with the intent to cause harm, or who are at risk of causing harm subsequent to their admission. This program will include the development of a uniform screening standard and procedure, such as in-person interviews; a database of identity documents proffered by applicants to ensure that duplicate documents are not used by multiple applicants; amended application forms that include questions aimed at identifying fraudulent answers and malicious intent; a mechanism to ensure that the applicant is who the applicant claims to be; a process to evaluate the applicant's likelihood of becoming a positively contributing member of society and the applicant's ability to make contributions to the national interest; and a mechanism to assess whether or not the applicant has the intent to commit criminal or terrorist acts after entering the United States.

(b) The Secretary of Homeland Security, in conjunction with the Secretary of State, the Director of National Intelligence, and the Director of the Federal Bureau of Investigation, shall submit to the President an initial report on the progress of this directive within 60 days of the date of this order, a second report within 100 days of the date of this order, and a third report within 200 days of the date of this order.

Sec. 5. Realignment of the U.S. Refugee Admissions Program for Fiscal Year 2017. (a) The Secretary of State shall suspend the U.S. Refugee Admissions Program (USRAP) for 120 days. During the 120-day period, the Secretary of State, in conjunction with the Secretary of Homeland Security and in consultation with the Director of National Intelligence, shall review the USRAP application and adjudication process to determine what additional procedures should be taken to ensure that those approved for refugee admission do not pose a threat to the security and welfare of the United States, and shall implement such additional procedures. Refugee applicants who are already in the USRAP process may be admitted upon the initiation and completion of these revised procedures. Upon the date that is 120 days after the date of this
order, the Secretary of State shall resume USRAP admissions only for nationals of countries for which the Secretary of State, the Secretary of Homeland Security, and the Director of National Intelligence have jointly determined that such additional procedures are adequate to ensure the security and welfare of the United States.

(b) Upon the resumption of USRAP admissions, the Secretary of State, in consultation with the Secretary of Homeland Security, is further directed to make changes, to the extent permitted by law, to prioritize refugee claims made by individuals on the basis of religious-based persecution, provided that the religion of the individual is a minority religion in the individual's country of nationality. Where necessary and appropriate, the Secretaries of State and Homeland Security shall recommend legislation to the President that would assist with such prioritization.

(c) Pursuant to section 212(f) of the INA, 8 U.S.C. 1182(f), I hereby proclaim that the entry of nationals of Syria as refugees is detrimental to the interests of the United States and thus suspend any such entry until such time as I have determined that sufficient changes have been made to the USRAP to ensure that admission of Syrian refugees is consistent with the national interest.

(d) Pursuant to section 212(f) of the INA, 8 U.S.C. 1182(f), I hereby proclaim that the entry of more than 50,000 refugees in fiscal year 2017 would be detrimental to the interests of the United States, and thus suspend any such entry until such time as I determine that additional admissions would be in the national interest.

(e) Notwithstanding the temporary suspension imposed pursuant to subsection (a) of this section, the Secretaries of State and Homeland Security may jointly determine to admit individuals to the United States as refugees on a case-by-case basis, in their discretion, but only so long as they determine that the admission of such individuals as refugees is in the national interest -- including when the person is a religious minority in his country of nationality facing religious persecution, when admitting the person would enable the United States to conform its conduct to a preexisting international agreement, or when the person is already in transit and denying admission would cause undue hardship -- and it would not pose a risk to the security or welfare of the United States.

(f) The Secretary of State shall submit to the President an initial report on the progress of the directive in subsection (b) of this section regarding prioritization of claims made by individuals on the basis of religious-based persecution within 100 days of the date of this order and shall submit a second report within 200 days of the date of this order.

(g) It is the policy of the executive branch that, to the extent permitted by law and as practicable, State and local jurisdictions be granted a role in the process of determining the placement or settlement in their jurisdictions of aliens eligible to be admitted to the United States as refugees. To that end, the Secretary of Homeland Security shall examine existing law to determine the extent to which, consistent with applicable law, State and local jurisdictions may have greater involvement in the process of determining the placement or resettlement of refugees in their jurisdictions, and shall devise a proposal to lawfully promote such involvement.
Sec. 6. Rescission of Exercise of Authority Relating to the Terrorism Grounds of Inadmissibility. The Secretaries of State and Homeland Security shall, in consultation with the Attorney General, consider rescinding the exercises of authority in section 212 of the INA, 8 U.S.C. 1182, relating to the terrorism grounds of inadmissibility, as well as any related implementing memoranda.

Sec. 7. Expedited Completion of the Biometric Entry-Exit Tracking System. (a) The Secretary of Homeland Security shall expedite the completion and implementation of a biometric entry-exit tracking system for all travelers to the United States, as recommended by the National Commission on Terrorist Attacks Upon the United States.

(b) The Secretary of Homeland Security shall submit to the President periodic reports on the progress of the directive contained in subsection (a) of this section. The initial report shall be submitted within 100 days of the date of this order, a second report shall be submitted within 200 days of the date of this order, and a third report shall be submitted within 365 days of the date of this order. Further, the Secretary shall submit a report every 180 days thereafter until the system is fully deployed and operational.

Sec. 8. Visa Interview Security. (a) The Secretary of State shall immediately suspend the Visa Interview Waiver Program and ensure compliance with section 222 of the INA, 8 U.S.C. 1222, which requires that all individuals seeking a non-immigrant visa undergo an in-person interview, subject to specific statutory exceptions.

(b) To the extent permitted by law and subject to the availability of appropriations, the Secretary of State shall immediately expand the Consular Fellows Program, including by substantially increasing the number of Fellows, lengthening or making permanent the period of service, and making language training at the Foreign Service Institute available to Fellows for assignment to posts outside of their area of core linguistic ability, to ensure that non-immigrant visa-interview wait times are not unduly affected.

Sec. 9. Visa Validity Reciprocity. The Secretary of State shall review all non-immigrant visa reciprocity agreements to ensure that they are, with respect to each visa classification, truly reciprocal as practicable with respect to validity period and fees, as required by sections 221(c) and 281 of the INA, 8 U.S.C. 1201(c) and 1351, and other treatment. If a country does not treat United States nationals seeking non-immigrant visas in a reciprocal manner, the Secretary of State shall adjust the visa validity period, fee schedule, or other treatment to match the treatment of United States nationals by the foreign country, to the extent practicable.

Sec. 10. Transparency and Data Collection. (a) To be more transparent with the American people, and to more effectively implement policies and practices that serve the national interest, the Secretary of Homeland Security, in consultation with the Attorney General, shall, consistent with applicable law and national security, collect and make publicly available within 180 days, and every 180 days thereafter:

(i) information regarding the number of foreign nationals in the United States who have been charged with terrorism-related offenses while in the United States; convicted of terrorism-related
offenses while in the United States; or removed from the United States based on terrorism-related activity, affiliation, or material support to a terrorism-related organization, or any other national security reasons since the date of this order or the last reporting period, whichever is later;

(ii) information regarding the number of foreign nationals in the United States who have been radicalized after entry into the United States and engaged in terrorism-related acts, or who have provided material support to terrorism-related organizations in countries that pose a threat to the United States, since the date of this order or the last reporting period, whichever is later; and

(iii) information regarding the number and types of acts of gender-based violence against women, including honor killings, in the United States by foreign nationals, since the date of this order or the last reporting period, whichever is later; and

(iv) any other information relevant to public safety and security as determined by the Secretary of Homeland Security and the Attorney General, including information on the immigration status of foreign nationals charged with major offenses.

(b) The Secretary of State shall, within one year of the date of this order, provide a report on the estimated long-term costs of the USRAP at the Federal, State, and local levels.

Sec. 11. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Financing the Premier White Civil Rights Organization
By Ken Parker, NSM Region Three Director

Comrades, I would like to take this opportunity to stress the importance of staying up-to-date on membership dues. The National Socialist Movement is the 'Premier White Civil Rights Organization' for a reason, and as membership continues to grow on a daily basis, it is of the utmost importance, that each and every one of us does our part, and pays their dues.

There is not a single successful organization on this planet that does not meet their expenses. In all financial aspects in life, if a business, government, a person, or a family spends more money than they take in, they will go broke. The NSM depends on membership dues, to achieve many things this great organization is responsible for. Some of things include, but are not limited to: maintaining the National HQ's hot-line and website, running background checks on potential members, sending out membership packets, providing security at events, feeding members of not only the NSM, but other groups belonging to the Nationalist Front.

I ask that each and every one of you does their very best to stay current on dues. The dues are only $10.00 a month. That means, that in many parts of this country, that only requires you to sacrifice two packs of cigarettes a month or one fast food meal a month. There is much more that the NSM does behind the scenes, but I just wanted to scratch the surface.

We are one Folk and one Nation. Not only does the NSM depend on your membership dues, but the entire Aryan Race is counting on you. I know that some of us may be in a financial hardship, and Command Staff understands that, but on the same hand, if you eat fast food once a month, or smoke cigarettes, there is no excuse to be behind on your dues.

Communication in the National Socialist Movement
By Ken Parker, NSM Region Three Director

Brothers and Sisters, as a kindred folk, we need to know what is going on with in our organization. With that being said, we need to utilize our Chain of Command. I would like to point out, that individuals in leadership roles, have limited time to entertain casual conversations at all hours of the day. I believe that it is unacceptable for an individual to go months or even longer, without talking to anyone with in the organization.

I do not have to authority to lay down any new rules, as this is not the intended purpose of this article, but I would like to make some suggestions:

* If you have a cell or Unit Leader higher on the C.O.C than you, please reach out to them at least once a week. This does not have to be a two hour phone call, a quick text/email/phone call will be sufficient.
* Cell/Unit Leaders, please do your best to stay informed of all of your members issues. We are a family, and we take care of our own. Relay any issues, good or bad, to the State Leader in a timely manner.

* State Leaders, you are to keep your Regional Director informed of all issues that may arise. Regional Directors are responsible to Command Staff for everything that happens in their Region. Just think about the time, that you had to go into a meeting underprepared, and your boss asked you all of the questions you didn’t know anything about.

- Regional Leaders, ensure that all of your members are staying in contact with each other. As I said earlier, we are FAMILY and FOLK. You have been placed in the role of LEADERSHIP to serve the Movement, NOT your ego.

  There are many different departments in the NSM as well. Departments such as SS, NSM Media, Web Masters, Cyber Security, Women's Division, etc. This also requires us to stay in contact with our respective superiors. Every day, when you get out of bed, ask yourself what you can do to make the NSM a stronger organization. If you are not an asset, than you are a problem. Remember this, "White America's solution to the problem, is the National Socialist Movement."

National Socialist Movement and Allies to Rally in Pikeville

The National Socialist Movement, The Traditionalist Worker Party, and other member organizations of the Nationalist Front are coming to Pike county on April 28th and 29th.

The Nationalist Front has heard the cries of the thousands of families in Pike County and the surrounding region who have been hurt by globalist trade policies, an increasingly destructive drug problem, and a lack of response by the Republican and Democratic Establishment to the needs of working families, the youth, and small business owners.
As a grassroots political movement, the primary focus and concern of the Nationalist Front is aiding and assisting members of the community, not only by giving them a political voice, but by providing direct aid and assistance to those in need.

White working families have been abandoned and ignored by the political class and the mainstream media for decades. It is the duty of Nationalists to raise awareness about issues facing our communities and work together to lend a helping hand to families in need of relief.

The Nationalist Front will be holding a conference the evening of April 28th and the morning of April 29th at Jenny Wiley State Park. This conference will include live folk music, speeches, home cooked meals, and training seminars on political engagement.

The conference is open to the public to attend and all interested members of the community are encouraged to join us. Dress code for men is a black work shirt, black pants, and black boots; with an organizational patch on the left arm. Women are requested to dress modestly and in black as well. This is not mandatory for the Public and those not affiliated with an Organization.

On the afternoon of the 29th, the Nationalist Front will be holding a Rally, demonstration, and charity event at the courthouse in Pikeville. The Event will be held from 2-5pm at the County Courthouse (146 Main Street, Pikeville, Kentucky).

This event will focus on solutions to the economic and social problems facing Eastern Kentucky, and propose real grassroots solutions and methods of engagement for the local community to get involved in local and State politics.

The Nationalist Front will be holding collections of non-perishable foods to donate to a local food pantry and financial contributions for a local charity.

April 28th and 29th will usher in a new period of a White Nationalist presence in Pike County and advocacy for White working families.

###
National Socialism (NSM) is a socio-political theory and worldview. Its chief premise is that a country's inherent worth is primarily found first in the people (and the generalized race, primarily the race specific to a given country), and then in the country as a 'living entity.' The basis of this fundamental worldview comes from Germany's National Socialist German Workers' Party, formerly known as the German Workers' Party, and a document entitled "The 25 Points of National Socialism." That historic version of the socio-political document has been modernized by the National Socialist Movement to provide one of the most dramatic and broad-sweeping versions of this treatise. It is important to note that, although the roots of modern-day National Socialism are found philosophically in Germany, modern-day National Socialism does not live in the past. In fact, what makes National Socialism so contemporaneously curious and even occasionally somewhat controversial, is not necessarily the references to non-indigenous peoples who are not readily welcomed by the state, but rather the seeming political disparity of the worldview itself.

Most politics movements and philosophies are based and center around various spans of control and focus. In modern practice, the conception of politics being a single-axis philosophical spectrum is now considered simplistic, if not severely outmoded. [This continuum has communism at the left, which is followed by classical socialism. In the central would be representative governments, followed by democracy. Finally, libertarianism appears, which is sometimes followed by other versions of socialism, and is finally followed by anarchism. In this schema, the NSM's brand of National Socialism would most likely exist in the middle.] Currently, other models, such as the 1998 single-axis derivative that focuses on 'control' of resources and transactors, by Virginia Postrel, are a rational refinement. David Nolan takes this even further, with his more specific focus on economic freedom. In fact, a quiz by The Political Compass provides a two-axis perspective that is even more accurate, as does a quiz created by the National Socialist Movement itself. However, specifically regarding the NSM variant of National Socialism, Jeff Schoep, Commander of the National Socialist Movement has become one of its more articulate proponents.

Schoep has stated in many of his organization's speeches that "National Socialism takes the best from the left and the right." In essence, Schoep is stating that National Socialism is not 'left' or 'right,' but 'centrist' in its philosophical worldview. Here are some of the major points that, when linguistically analyzed, support this proposition:

Point 1 -- "We demand the union of all Whites into a greater America on the basis of the right of national self-determination." (Right-leaning)

Point 2 -- "We demand equality of rights for the American people in its dealings with other nations, and the revocation of the United Nations, the North Atlantic Treaty Organization, the World Bank, the North American Free Trade Agreement, the World Trade Organization, and the International Monetary Fund." (Right-leaning)

Point 5 -- "We oppose the corrupting parliamentary custom of filling posts merely in accordance with party considerations and special interests-without reference to character or abilities." (Left-leaning)

Point 6 -- "We demand that the State shall make it its primary duty to provide a livelihood for its citizens..." (Left-leaning) "If it should prove impossible to feed the entire population, foreign nationals (non-citizens) will be deported." (Right-leaning)

Point 8 -- "All citizens shall have equal rights and duties, regardless of class or station." (Left-leaning)
Point 12 -- "We demand the nationalization of all businesses which have been formed into corporations (trusts)." (Left-leaning)

Point 13 -- "We demand economic reform suitable to our national requirements; The prohibition of pro-Marxist unions and their supplementation with National Socialist trade unions;" (Right-leaning) "The passing of a law instituting profit-sharing in large industrial enterprises;" (Left-leaning) "The creation of a livable wage;" (Left-leaning) "The restructuring of social security and welfare to include drug testing for welfare recipients;" (Right-leaning) "The immediate discontinuation of all taxes on things of life’s necessity, such as food, clothing, shelter, medicine etc.;" (Left-leaning) "The replacement of the current tax system with a flat-rate tax based on income." (Right-leaning)

Point 14 -- "We demand...an end to the status quo in which people die or rot away from lack of proper treatment due to the failure of their medical coverage, Health Maintenance Organization, or insurance policy. We further demand the extensive development of insurance for old age and that prescription drugs be made both affordable and accessible." (Left-leaning)

Point 15 -- "We demand the creation and maintenance of a healthy middle class, the immediate communalizing of big department stores and their lease at a cheap rate to small traders, and that the utmost consideration shall be shown to all small trades in the placing of state and municipal orders." (Left-leaning)

Point 16 -- "We demand a land reform suitable to our national requirements, that shall be twofold in nature: The primary land reform will be to ensure all members of the nation receive affordable housing. The party as such stands explicitly for private property." (Right-leaning) "However, we support the passing of a law for the expropriation of land for communal purposes without compensation when deemed necessary for land illegally acquired, or not administered in accordance with the national welfare. We further demand the abolition of ground rent, the discontinuation of all taxes on property, and the prohibition of all speculation in land." (Left-leaning) "The secondary land reform will be to ensure the environmental integrity of the nation is preserved; By setting aside land for national wildlife refuges; By cleaning the urban, agricultural, and hydrographical (water) areas of the nation;" (Right-leaning) "By creating legislation regulating the amount of pollution, carbon dioxide, greenhouse gases, and toxins released into the atmosphere; And for the continued research and development of clean burning fuels and energy sources." (Left-leaning)

Point 17 -- "We demand the ruthless prosecution of those whose activities are injurious to the common interest. Murderers, rapists, pedophiles, drug dealers, usurers, profiteers, race traitors, etc. must be severely punished, whatever their creed or race by all legal means available." (Right-leaning)

Point 19 -- "The state must consider a thorough reconstruction of our national system of education with the aim of opening up to every able and hardworking American the possibility of higher education and of thus obtaining advancement." (Left-leaning) "The curricula of all educational establishments must be brought into line with the requirements of practical life. The aim of the school must be to give the pupil, beginning with the first sign of intelligence, a grasp of the state of the nation through the study of civic affairs." (Right-leaning) "We demand the education of gifted children of poor parents, whatever their class or occupation, at the expense of the state." (Left-leaning)

Point 20 -- "The state must ensure that the nation's health standards are raised by protecting mothers, infants, and the unborn: By prohibiting abortion and euthanasia, except in cases of rape, incest, race-mixing, or mental retardation. By prohibiting child labor and ending the rudiments of child abuse, alcoholism, and drug addiction. By creating conditions to make possible the reestablishment of the nuclear family in which the father works while the mother stays at home and takes care of the children if they so choose." (Right-leaning) "By taking away the economic burden associated with childbirth and replacing it with a structured system of pay raises for those that give birth to healthy babies,
thereby returning the blessing associated with children." (Left-leaning) "To further ensure that the nation's health standards are raised, legislation shall be passed promoting physical strength and providing for compulsory gymnastics and sports, and by the extensive support of clubs engaged in the physical training of youth." (Right-leaning)

Point 21 -- "We demand the right to bear arms for law-abiding citizens." (Right-leaning)

Point 22 -- "We demand the abolition of the mercenary army, the end to the over-use of our military as a 'Meals-on-Wheels' program in foreign lands of no vital interest to our nation; and the formation of a true national service for the defense of our race and nation. One that excludes: non-Americans, criminals, and sensitivity training." (Right-leaning)

Point 23 -- "We demand legal warfare on deliberate political mendacity and its dissemination in the press. To facilitate the creation of a national press we demand: (a) That all editors of and contributors to newspapers appearing in the English language must be members of the nation; (b) That no non-American newspapers may appear without the express permission of the State. They must not be written in the English language; (c) That non-Whites shall be prohibited by law from participating financially in or influencing American newspapers, and that the penalty for contravening such a law shall be the suppression of any such newspapers, and the immediate deportation of the non-Americans involved. The publishing of papers which are not conducive to the national welfare must be forbidden. We demand the legal prosecution of all those tendencies in art and literature which corrupt our national life, and the suppression of cultural events which violate this demand." (Right-leaning)

Point 24 -- "We demand absolute religious freedom for all denominations in the State, provided they do not threaten its existence nor offend the moral feelings of the White race. The Party combats the Jewish-materialistic spirit within and without us, and is convinced that our nation can achieve permanent health only from within on the basis of the principle: The common good before self-interest." (Right-leaning)

Point 25 -- "To put the whole program into effect, we demand the creation of a strong central national government for the nation; the unconditional authority of the political central parliament over the entire nation and its organizations; and the formation of committees for the purpose of carrying out the general legislation passed by the nation and the various American States." (Right-leaning)

NSM Media is pleased to launch its **NEW WEBSITE**, **NSMMedia.net**, as well as its **NEW RADIO NETWORK**, **NSM Media Radio**.

According to Kevin ('KJ') James, director of NSM Media, “Our old website and internet radio network literally forced us into taking them further in new directions. The NSMMedia.Net website is becoming a 'super-agrigator' of pro-white media, and not just offerings from NSM Media. The site also has links to the most important mainstream media, plus important videos, photos, and news stories of the day as well.

The NSMMedia.net site also has links to NSM World internet group, NSM88Forum, the NSM Media Twitter feed, the NSM Media VK page, NSM88Records LIVE, NSM Magazine, NSM Media TV, and the revamped NSM Media Radio. It also has email address links for each NSM Media personality as well as NSM command-staff.

The NSM Media Radio web page ([http://www.nsmmedia.net/nsmmediaradio.html](http://www.nsmmedia.net/nsmmediaradio.html)), has links to current and past internet radio shows (gathered on a variety of initial broadcast platforms), and appearances by NSM Media staff as well as NSM command-staff, whether they appear on NSM Media Radio, or its broadcast-partners, like the Sonny Thomas Show, AryanTalk, European-American News, or others. By clicking on logos and links, prospective listeners can connect with the live versions of NSM Media's Radio shows, and hear archived versions as well.

Wake Up, White Aryans – Take Back Your Heritage
By Patrick Chouinard, Published Freelance Writer and Journalist

The White Aryan Race has been one of great success stories of human evolution. Its accomplishments remained unequaled in all of human history. Our race created Western civilization, it became the hope and light of the world, and its colonialism and aggressive policies are no different than the behavior of any other powerful earthly creature fighting for dominance and survival. It is justified by the deepest traditions of our humanity, OUR WHITE ARYAN RACE.

Our past is demonized, denied and virtually erased by the Marxist establishment, but the truth they are concealing is one of profound antiquity, of a white race originating in a distant time that we have long since forgotten. The conventional wisdom as well as the anti-paradigm emphasis on ancient aliens as our true benefactors ignores the reality and importance of white accomplishment. Our race has watched the stars and predicted their movements for thousands of generations. Our earliest ancestors reared up and watched in wonder as the universe unfolded before them.

The Caves of Southern France, were our ancestors first awoke to full consciousness, at least according to mainstream academics, were our people's earliest known attempt of recording those movements of the stars. The paintings of animals and humans were actually more than mere images painted on the walls of the caves but stellar maps. In the legends of the American Indians they were not the first to call North and South America their homeland. When the great sky spirits created them they discovered they were not alone. Massive stone monuments and temples towered above the land. They called the builders of these ancient wonders sun gods and they had pale skin, blues eyes and red or blonde hair.

In Bolivia are the fascinating ruins of Puma Punku, long held by ancient alien theorists as a place of ancient alien origin. The statues there have been called clear depictions of extraterrestrials. This is hogwash. The statues are of tall individuals with long thin fingers, long, narrow profiles, a prominent nose, and round eyes. They associate this head shape with grey aliens yet these so called ETS are claimed to have no noses at all. On the contrary, these are clearly depictions of ancient white or Nordic peoples.

People want to believe the fantastic, the unreal and to see a modern world of lies and untruth and acknowledge our intellectual heroes who can tell us what the truth really is. Its their own way of taking the red pill as in Matrix where they will wake up and see a reality which they did not imagine or expect. But they are following the wrong lead. Yes, there is an incredible truth kept from us but it is not the Anunnaki or UFOs it is how the establishment, that of the Zionist hold on our media and educational system, that is preventing the real truth of surfacing and the real anti-paradigm movement from being successfully organized.
White accomplishment and the predominance of White civilization and influence is the bitter truth, but a wondrous truth for us indeed. The ancient Sanskrit writings of India, the Vedas, which were the holy books of the ancient Aryans who conquered both India and ancient Iran, described a reality very different than the ones taught to us in high school and college text books. They talk about civilization and the Aryan race going back not a mere few thousands of years but hundreds of thousands of years if not millions, ignoring what we know and accept as the true chronology of humanity.

In the Bahagahvita Indra, the leader of the Aryan god-men, with his light-skin, blonde hair and beard, was said to lead genocidal wars against the Dasyus or dark-skinned peoples. The descriptions of the natives they conquered were very negative, a people without culture and organization.

There is also references to another white race of a different kind, what we would call Old Europeans who built the Harappan civilization but these Pre-Aryan peoples were also conquered. The Aryans were not something created by Hitler's imagination, they were the very ancestors of our own European civilization. The Aryans established their rule over those regions in 3500 B.C. This coincided with the rise of the Danubian Civilization that was established, perhaps, by a lost civilization that was submerged during the flooding of the Black Sea 7,000 years ago. It was in the archaeological remnants of the Danubian civilization that we see one of the earliest pottery shards featuring a typical Hindu Swastika, the same type used on the banners of National Socialist Germany.

There is reason to link both the Black Sea and the Danubian civilization as the homeland of the Proto-Indo-Europeans, as many have suggested that Asia minor or the nearby Caucuses was their starting point. The author Michael Cremo who studied these ancient Vedic texts, has discovered anatomically modern Nordic remains going back not thousands and millions of years and proof that the ancient Adamic race shared this world with other human-like species that were lower on the evolutionary scale. When Cain was driven out of the land settled by Adam and Eve, he came to the land of Nod which means in Hebrew the land of Wandering and took a wife from one of the existing populations.

The Vedic talks about the ancient Aryans and their god-man Indra establishing a harsh caste system and prohibiting inter-marriage or breeding among the Aryans and lower races. The Hebrew Bible also was clear on this. Those of us familiar with Christian Identity know that the ancient Hebrews and those we identify as Jews are not the same race. They are related more closely to the Edmoites and the mixed multitudes of Genesis and shared captivity with the Hebrews in Babylon. A great majority of Jews have no Biblical precedent whatsoever, and are the descendants of the Khazars of southwestern Russia who converted to Judaism in the 6th century A.D. The idea that any of the Jews in the US, Europe or Israel can trace lineage back to the roots of historical Hebrewism is one of the world's greatest deceptions. Regardless, Vedic texts are not the only ancient people who speak of ancient times of great accomplishment by the sun gods, always depicted as light-skinned and light-haired and very tall in stature. Many American Indians call them the Great White Gods.

For most of the 20th century Marxist academics pushed the notion that the ancient cities of Mesopotamia and the people who inhabited them, specifically ancient Sumer, were of Semitic in origin. They also pushed the notion that the first known writing systems began in the Middle
East whose inhabitants were of the same Semitic stock. In the early 2000s India was credited to possibly have an even older script, but this too were attributed not to the ancient Aryans but to the dark-skinned Dravidians whom they conquered. On the contrary, the earliest system of writing was found in Northern Greece and was Aryan and dated to 5,500 years ago and is 2500 years older than any script found in the Middle East or India.

Also found not too far, were skeletons of considerable height and featuring skull dimensions consistent with those of Scandinavians, Northern Germans and Northwestern Russians. Their DNA matched them with the same haplogroup as northwestern Europeans. The Jewish run media has invented its own response to the greater antiquity and genius of the White Race. Their solution, and that of the Jewish Israeli author Zecharia Sitchin was to suggest that reptilian aliens from another planet generically engineered the first humans as slaves and that aliens, not real flesh and blood white men, created the great monuments that dot our planet during Pre-Adamic times.

Let us entertain Sitchin the Jew from his own illogical, morphed out religion. The name Adam means to blush or to show red in the face and the only racial group that is able to do so is the white race. Sitchin's claim that the Adamu were slaves, is contrary to scripture because the Bible says that Adam and Eve were to be the new rulers and dominators of the Earth after the fall of Lucifer and the angels he led in the war in Heaven.

Adam was given freedom of will, intelligence and consciousness, and racial superiority for he was not the first man but the first divine creation, the first white man. Sitchin claims that his research was inspired by Mesopotamian and Hebrew “mythology” but no Mesopotamian texts nor the Bible truly supports such teachings. Outside the Bible, the Sanskrit writings of India which were first written down by the ancient Aryans stated that their civilization dates back not tens of thousands of years but hundreds of thousands of years.

Much has been said about the Vimana, UFO-like craft described in the Vedic texts, but no real proof has been discovered that they existed, and it is subject to speculation what is really being described since modern people have no common frame of reference from that time period.

Personally, I would put vested interest in understanding the Sanskrit writings of India because they are based on an Aryan religion. You will no doubt remember in my article on Hinduism and the Kelts, their faith derives from our ancestors. The Jews only wrote down legends and myths from the Aryan peoples of Mesopotamia. They have no ancient heritage.

King David is a myth, and their story of Moses and being sent up the river in a basket or reeds, only to become a king and a deliverer was taken from the Babylonian tale surrounding Emperor Sargon I who established an ancient Aryan empire. The story of Noah is a tale that can be traced by to Ancient Sumer, which was peopled by Nordic and later Aryan-speaking Nordic peoples 5,000 years ago and also by the ancient Hindus. So no, there is no true heritage that can be attributed to the Jews.

A recent Russian DNA study has shown that Africans are more dissimilar to Europeans than Western science is telling us. Indeed, these differences are so profound that they show that Europeans and Africans have an entirely different evolutionary history before and after 100,000 years ago which totally dispels the Out of Africa, so cherished by the Marxists and multiculturalists. Increased genetic drift and major differences in anatomy and physiology, class
the European as a distinct species unto itself. What is amazing is how ingenious our race was to
devise great megalithic blocks of stone like Carnac, Stonehenge, Callanish and many more. The
academic Robert Schoch proved to the world that the Great Sphinx dated back 5,500 years ago or
more, placing in the Pre-Dynastic Age when Egypt was ruled by a pure European genetic strain.
Red-haired mummies have been found in China, Peru, New Guinea and elsewhere including
New Kingdom Egypt. But the accomplishments of the past can only solidify today's love and
appreciation for our own people.

Today, we live in an unprecedented age. Make no mistake, the world we know today is
but an inkling of what it is to come. As the Christian Identity pastor Thom Robb said in a sermon
given in May 2016, the Republic is dead. And so is the Europe we loved and cherished. I write
this book for the future.

I want to lay down the cultural and historical awareness of a rising people. Hitler said to a
rally of Hitler Youth at the Nuremberg Party Congress of 1934 that, “We must raise a new man
and a new ideal.” It was Nietzsche that wrote in Thus Spake Zarathustra that “Man is a rope
connecting animal and Superman—a rope over a precipice...What is great in man is that he is a
bridge and not a goal.”

Indeed, our race, the Aryan race, is not the end result of the evolutionary process but the
beginning. This is a time, more than ever that our people are awakening to this notion, the idea
that we are but a tiny minority in this world, reduced from being 30 percent of the world’s
population at the dawn of the twentieth century, and now through disastrous fratricidal wars and
forced immigration and miscegenation, we are now only a mere seven percent of the people of
the Earth.

Most of all, however, we realize for the first time that white Americans do have a voice
and an incredible power to shape history. The Election of President Donald J. Trump in 2016,
whether for better or for worse, created a pro white voting block and a self-awareness in our
people, and an interest in White Nationalism, that did not exist before. It might very well be all a
plot by the Jews to incite further malevolent actions against our people, to allow the blacks and
non-white to further demoralize our communities and give the Jews a greater champion for Israel
than ever before, but many in the White Nationalist movement believed in him and so doing
made us a force to be reckoned with and gave this author a more receptive voice to establish the
legacy of Ancient Aryans.

If we survive, it will have to be only through the continued social and psychological
evolution of the White Aryan race. We must come to see, as the founder of Creativity Ben
Klassen put it, what is good for the white race is good, and what is bad for the white race is bad.
It must also be by doing what Nietzsche called the trans-evaluation of all values, not in his
nihilistic sense, but in the sense of altering our culture and purpose to center on the Aryan racial
community, this sacred bond of blood and honor of which we are a part. Everything must be
centered on race, our institutions, including our government, Church and social organizations,
our beliefs, our political and economic organization, our very lifestyles and outlook on life must
be devoted solely to the benefit and success of the White Aryan race.

Winston Churchill says that victors write the history books. Not in this case. In this case, the
heretic, Patrick Chouinard, put down in writing our true history. I’m not only presenting
what is factual, but also what is speculative and theoretical. I’m forming an entirely new
perspective on our Aryan origins. I start this examination with many of the current spoilers of the establishment such as Graham Hancock, John Anthony West, Robert Schoch and others. These authors, some of them Jewish, have borrowed heavily from the theories and discoveries of National Socialist scholarship, over 80 years before. There is nothing new to today’s New Age sensationalism.

Most of it stands on the shoulders of H.P. Blavatsky, Ignatius Donnelly, Guido von List, Rudolf Gorselaben and others. In his much touted book Undeworld: The Mysterious Origins of Civilization, Graham Hancock fails to bring forth a single original argument or idea. All of his research can be found conveniently at his local library. Even Adolf Hitler concluded in an article published in 1942 that our myths and legends are merely the remnants of a forgotten storybook of history, the exact conclusion Hancock came up with numerous times in his books, lectures and films.

Despite my problems with Hancock’s method of scholarship, I will say this: he is smart, and through building his own synthesis if you will, he has hit home on a number of ideas of great relevancy to our people. The fact that all of these facts he has researched and gathered together, no matter how simply done, has resulted in the conclusion that an advanced civilization of greater antiquity did once exist, that a people unrecognized by mainstream scholars did create the foundations of our ancient and later Western civilization which has truly gone global once more, is actually an unquestionable truth. Ancient Aryans are very real, and it is this lost race of giants, taller, more physically powerful than other smaller, darker skinned races, giant in terms of their cultural and technological superiority, are our forgotten ancestors.

It has been often said that there is no such people as the Aryan race. That it is crazies, and hard-core racists and anti-Semite who alone still hold to its reality. The Aryan race, like the equally questioned existence of the Jewish race, is a reality. To be clear, the Jews are known by a different name, Khazars. This ancient Asiatic peoples of southwestern Russia, converts to Judaism in the 6th century A.D., comprises the bulk of the Jews in North America, Europe and Israel. The Jews, however, to exist beyond race as well, as a raceless political and economic elite. The Aryans also are an elite, just of a different kind. We are are elite of civilization, and it is this innate genius of the Aryan race soul that the Jews envy so much and want to diminish, if not wipe off the face of the earth if possible.

This book is as much about lost civilizations and recent archaeological discoveries, as it is about race and race struggle. The first part of this book is devoted to race and genetics. Attention is also given to our chief opponent currently in the process of race struggle and selection, the Jew. It must be said, without the Jew as our common enemy the impetus for our continued advancement would be virtually non-existent. Our enemy empowers us to overwhelm and destroy him.
This is not to be achieved by guns or violence, but by our-achieving and out maneuvering him as our ancient Aryan ancestors did the Neanderthal of old. Through population increase, through greater drive, tenacity and ingenuity—with greater faith—we can achieve an eventual victory over this bane of civilization. Our enemies want us to cower, and disbelieve our own strength. By giving the Aryan a sense of common cultural identity, by exposing our ancient origins, traditions, beliefs and ritual I’m setting the stage for a new religion of blood. A religion which will, in time, elevate our people and ensure our continuance thereafter. We are a race of achievers, of conquerors and masters who have settled down like sheep to give up our spirit, our awesome, lion-like rage. Our intelligence is not being used. We are surrounded by liars and do not even recognize that the emperor has no clothes. I’m not writing about Ancient Aryans for nothing. I urge you—no, I command you, all descendants of our Ancient Aryan past wake up and rise up! Now is your chance to make your ancestors proud.

Some of you may remember a number of NSM events that took place in Arizona, California and Nevada, beginning in 2009. The motto was "Reclaim the Southwest." Not only did the NSM put boots on the ground on our streets, but we placed boots on the border, too. After years of hard work, political opposition and the general hardships of battling the harsh elements in southern Arizona, we are beginning to see encouraging results.

After nearly seven long years of conducting anti-drug & human smuggling operations in the Sonoran Desert, the NSM is pleased to report that some areas of the Sonoran Desert National Monument (often referred to as the "Contested Zone") may soon, one day, be known as "Reclaimed US Territory." Having extensively blocked smuggling trails, along with significant media coverage, transnational criminal smuggling organizations have opted to seek out other methods and routes to conduct their dangerous and exploitative enterprise.

Despite the optimistic situation, we should not let our guard down and continue to protect our sovereignty and patrol the borderlands, until the border can be physically secured to a satisfactory level.
